

THE *Taxi* SHOP

Hackneys - Built In House

New & Used

Available in the Ford Tourneo and Renault Trafic, both new and used. We also have additional options!

With combined experience of more than 6 decades, our in house team of professional taxi industry experts are your best choice to build the right vehicle for you. We understand the challenges owner drivers and operators face and we can offer bespoke solutions to make every day easy with the correct equipment, efficient layouts and a solid, reliable build quality.

Our Customers have praised our conversions as outstandingly robust which is evident with no, in warranty returns due to installation failure. We source the best quality materials and work with globally recognised manufacturers to continue to innovate and produce market leading products.
