

Royale

**DISCOVER YOUR NEXT LUXURY,
YET AFFORDABLE FLAGSHIP**

WHAT IS THE ROYALE?

The Ford Custom Royale, created by us almost a decade ago has continued to increase in popularity among those looking for an affordable alternative to the competing V-Class.

Our Royale has a fabulous specification and can include plush leather, the Starscape ceiling, a spacious mood lit cabin and many aesthetic upgrades. We have had nothing but positive feedback from those who have purchased the Royale as it has plugged the gap that exists between those Customers wanting more than just a normal minibus.

We offer the Royale & the Royale+ - follow this brochure for more information.
